

DEPARTMENT OF PLANNING AND BUILDING

Promoting the wise use of land – Helping to build great communities

TO: Board of Supervisors

FROM: Planning and Building / Ivana Yeung, Planner II / (805) 781-4099

VIA: Matt Janssen, Division Manager, Policy and Programs

DATE: June 21, 2016

SUBJECT: Addendum to Item 19 - Submittal of the State ESG Grant Application. Submittal of a revised Resolution as shown in Attachment 1 and revision of the State issued award amounts listed in the Staff Report from a total of \$224,092 to \$227,633.

The State Department of Housing and Community Development has recently submitted new information to the County for the State Emergency Solutions Grant. Updated information includes language in an updated Resolution which is found in Attachment 1 as well as updated funding amounts as a result of the Balance of State allocation. Among the updated the amounts, the State Department has allocated to the Administrative Entity, which is the County of San Luis Obispo, a grant administration allocation in the amount of \$6,265. In addition, the State Department requires that project recommendations must meet a minimum of \$75,000, information that was presented after the Homeless Services Oversight Council (HSOC) Grant Review Committee had convened and decided on recommended award amounts.

The full HSOC held its regular meeting on May 18, 2016 to discuss the HSOC Grant Review Committee direction for funding recommendation. As noted in the staff report presented to the full HSOC, the Grant Review Committee recommended that the 5CHC/ECHO/LINK project receive two-thirds of the available project amount, and for Family Care Network, Inc. to receive the remaining allocation. The previous amounts and the reasoning for the recommendations were adopted by the full HSOC.

The updated funding amounts are increased in the table below which is to replace the amounts noted in the original staff report. The amounts reflect the following: the 5CHC/ECHO/LINK is recommended to receive two-thirds of the new available project amount; and Family Care Network's Rapid Re-housing project will be increased in order to meet the required project minimum of \$75,000. Both project recommendations are an increase from the previous recommendation.

Table 1. State ESG Recommendations

Table 1.

STATE ESG RECOMMENDATIONS				
Applicant	Project	1-Year Request	Score	Recommendation
5CHC/ECHO/LINK	Rapid Re-housing and Homelessness Prevention	\$132,000	88%	\$146,368
Family Care Network, Inc.	Rapid Re-housing	\$110,000	75%	\$75,000
PROJECT TOTAL				\$221,368
Administrative Entity	Administration and staffing	\$6,265	n/a	\$6,265
TOTAL ALLOCATION				\$227,633
